

Julia Gruszczynska

TV director / creative developer

I'm an open-minded, intelligent person, focused on team play and collaboration. Solving problems is my hobby and I make sure not to miss any detail. I love learning new things, always try to stay agile and quickly adapt to changes. Apart from hard work and devotion I always try to bring some creativity and humour to the workplace.

Work experience

2016 - 2019

ONLINE VIDEO JOURNALIST/EDITOR @ WIRTUALNA POLSKA

Creating video content in form of short films for leading Polish portal www.wp.pl. I was responsible for writing a short script about topics such as current events, science, or lifestyle based on the research I had done and editing a clip in Adobe Premiere Pro, mostly from stock footage according to aforementioned script.

2013 - 2016

DIRECTOR @ TVN STYLE

Preparing scripts, directing shows: "66 niezapomnianych" (2013 - 2015), "Pani gadźet" (2015 - 2016), "Bez skazy" (2016). I was responsible for writing scripts for the TV shows mentioned above, planning, and executing work on the film set, also for collaborating with video editors in the postproduction process under the pressure of on-air deadlines. Working on the TV set has given me necessary skills for working in dynamic environment and quickly adapt to changes.

2010 - 2013

PRODUCER @ BADI BADI FX STUDIO and BOX POSTPRODUCTION

Planning, budgeting, video and audio postproduction supervision in tv commercials. I was managing postproduction processes in many commercial projects like advertising films and corporate videos, often more than one at the time. Not only did it require specific and expert knowledge of film postproduction, but also the ability to keep good relationships with highly demanding clients as well as managing and coordinating a team of artists with little space for errors and always under a lot of pressure.

2008 - 2010

ON-AIR PROMOTION PRODUCER @ TVN WARSZAWA

Creative director of on-air promotions in local Warsaw TV channel TVN Warszawa (closed down). My main tasks were creating promos for all the programs aired on the TVN Warszawa Channel. That included writing scripts, editing clips, directing voice over artists, and implementing the channel's graphic design to create attractive and clear marketing communication.

2005-2008

PRODUCTION MANAGER @ TVN

Postproduction supervision of various shows: "Superniania" (2006 - 2008, reality tv), "Misja Martyna" (2005, travel).

Education

BUSINESS ACADEMY SOUTHWEST ESBJERG [2019-2021 (expected graduation)]

Full time AP programme in Multimedia Design and Communication. The aim of the programme is to teach students how to work professionally with design and development of digital products.

THE LEON SCHILLER NATIONAL HIGHER SCHOOL OF FILM, TELEVISION AND THEATRE in ŁÓDŹ [2006-2009]

Part time BA programme in Film and Television Directing at the Director of Photography & TV Production department. Apart from specific film related courses like film lighting and editing, the programme covered art history, composition, color theory, and visual aesthetics. I finished the courses, but didn't write the dissertation, because of full time job.
